June 24, 1946

Dear Lil;

I am really sorry that I haven't written before this but as usual something always seems to come up to interfere with it. I want to thank you ever so much for the news from Jan 10th to March 23rd and for the swell picture of the Voorheesville Honor roll. All the names are very clear too. I didn't have any idea that there were that many fellows from there, in the service. Thanks also for your very nice V-mail letter of May 23rd. Were you able to take that trip to New York as you planned? I hope so. If so, did you enjoy it?

I imagine quite a few of the fellows will be able to get home now that it is over in Germany. That sure was good news wasn't it? Will you let me know if you hear of any of the fellows from around home coming out my way! I sure would appreciate. Do you know where Paul Empie is now? Have you heard any more about Bill Hannover?

I heard quite a bit about the snow storm you had back there the 10th of May. I was quite surprised about it. I hope you are having real good weather back there now. Everything here is pretty much the same, rather quiet but we still have plenty of work. It is nearly time for me to get to work Lil so I will cut this short for now. Thanks again for writing etc. Tell Frank that I said hello.

Sincerely
Bill
