EXCERPT FROM VPB-150 LTR AS/vea, Serial 215 DATED 30 JANUARY 1945

Subject: Operation of Model ASD Radar - report of.

11. The results obtained by this squadron speak an exceptional commendation for the CASU 44 maintenance personnel. The willing and efficient cooperation of the radio shop both in service work and in coordinating operation and maintenance problems resulted in a commendable performance of ASD, although the cost in man-power and parts was exceptionally great.
