7. Enclosure A illustrates the belief of this activity that some type of basic organization is necessary for greater efficiency in handling aviation gasoline in advanced area. This command has offered to coordinate all features of the aviation gasoline situation.

8. It is recommended that an additional supply of drummed aviation gasoline be obtained as soon as possible, and that responsibility for the maintenance of YOGLs pipe lines and fill stands be determined.

J. S. PURNELL
Lt. Comdr., USNR.
